

How a Prince from

Epic

ORCHESTRATE HEALTHCARE

and his Champions
Saved the Land of Healthcare

An Epic Fairytale

Orchestrate Healthcare is pleased to be a part of the Epic UGM 2011. This exciting venue provides an opportunity for powerful learning and sharing of knowledge amongst those committed to excellence in Healthcare. Our Executive Team and consultants thank the Noble Champions of Epic for hosting this Happily Ever After event and we look forward to meeting you in the land of Healthcare.

Our Valiant Princes and Princess
Travelling to the Land of Verona Include:

President – Charlie Cook
Epic Sales Manager – Greg House
Epic Practice Director – John Alexander
Sr. Epic Consultant – Jennifer Bolgiano

Once upon a time, there was the land of Healthcare. For many years it was successful in providing excellent patient, payor and payee services. Then, a mysterious beast came upon the land of Healthcare and cast a fog of uncertainty and doubt, known to all as ARRA. The beast ruled over all technology initiatives and became known as MU.

Chapter 1

Who is Orchestrate Healthcare?

Once Upon A Time, in a land not so far away, live the Princes and Princesses of Orchestrate Healthcare. Here we provide expert consulting services to manage the challenge of establishing, improving, and maintaining systems for critical information flow. Our consultants concentrate strictly on healthcare technical services and are proficient in all of Epic's integrated software solutions. With an average of 13 years experience working on healthcare technical services projects, our resources deliver solutions for your IT challenges.

Whether we are augmenting your in-house IT team, or providing education on your new clinical system, our commitment is to deliver award winning customer service.

In fact, in 2009 and 2010 we earned 100% Positive Client Commentary and placed 2nd in the Top 20 Best in KLAS Awards for Technical Services. Our goal is to repeat our 2008 Best in KLAS Award in 2011 by providing YOU unparalleled technical service with your Epic install.

We invite you to view our Current and Past Success Stories and come talk with us. We'll help your organization work happily ever after.

Chapter 2

Epic and Orchestra Healthcare

At Orchestra Healthcare, we share Epic's focus on providing high quality and attentive service to all customers. Independent recognition through KLAS has identified award winning attributes shared by both our companies. Whether you are selecting one of Epic's 40+ KLAS Award winning software solutions, or having Orchestra Healthcare's Best in KLAS Technical Service consultants provide services for your facility, our commitment to you is unparalleled.

From initial Epic software selection, through Orchestra Healthcare consultant selection, your goal of a rapid rollout schedule, engaged clinicians, confidence in the reliability of the system, and seamless go-live implementation and support is our concentration. We work flexibly with you through all stages of the process.

Our team is one with your team.

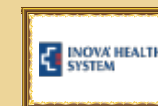

Please stop by our booth, or visit us at www.orchestratehealthcare.com to see how we can align our expert consulting resources for your healthcare technical services projects – no matter the requirements.

From many lands came those who tried to control the beast, yet none were successful. The land of Healthcare was surrounded by the ARRA fog that lived with MU. Times became desperate; many feared patient care would suffer and those in the land of Healthcare felt the presence of MU in every aspect of their lives.

Our clients include these leading healthcare organizations:

Chapter 3

Lands We are Currently Saving

We are currently providing Technical Service Leadership and support at these prominent healthcare centers. Our role varies from providing expert consulting services for healthcare clinical projects, to working alongside internal staff to provide Technical Expertise, Program and Project Management, Project Methodologies, and Process Improvement. Because each healthcare organization has individual requirements, projects are analyzed and custom tailored to your specific needs. We look forward to hearing from you and providing the best resource for your unique solution.

“We are looking forward to having Orchestra Healthcare on-board with our in-house team working in collaboration to make this project a success. We needed not only the best EPIC team, but also a partner committed to client quality. With Orchestra Healthcare, we get both.”

- David E. Milov, MD
Chief of Medical Informatics
Nemours Children’s Hospital

“In my future planning of any Epic implementation, Orchestra Healthcare is my plan. Their methodology from start to finish takes away the pressure from me as the CIO, minimizes my risk, and I have the confidence that their team will overcome any obstacles or challenges the project has. No matter how insurmountable it appears, Orchestra Healthcare will take care of it.”

- S. Shafiq Rab
Vice President and
Chief Information Officer
Orange Regional Medical Center

ut, from the land of Verona, came noble Champions of EPIC with integrated software solutions to tame MU. Yet they needed help bringing these solutions to the land of Healthcare. As mighty as the Champions were, they knew to bring EPIC to all of Healthcare they needed...Orchestra Healthcare!

Chapter 4

Lands We Have Saved

 Orchestrated Healthcare's expertise forms the foundation of healthcare information technology (HIT) infrastructure; from EMR clinical interoperability, to systems integration and transaction processing, to migration to updated technologies, to the building blocks of scalable healthcare information exchange (HIE) solutions. We are proud to have partnered with many extraordinary healthcare organizations, committed to providing exceptional patient care through advancing technologies.

"They were easy to work with...overall a very upbeat and positive experience. Lancaster General is looking forward to building a solid working relationship in the months and years to come."

- Dan Earle
Lancaster General Hospital

"We believe the services provided by Orchestrated Healthcare will allow us to meet the interfacing and data migration deadlines required on a very large and critical implementation project."

- David S. Finn
Vice President & Chief
Information Officer
Texas Children's Hospital

"We were very impressed with the experience of the consultants, and the tool sets with which they are well-versed. Orchestrated Healthcare understood our problem and was willing to tailor a solution to meet our needs, rather than trying to sell us a pre-packaged solution."

- Joe Van Dehy
ThedaCare, IT

We'd be pleased to connect you with any of our clients. With 100% Positive Client Commentary for the 2010 KLAS awards, our work speaks for itself. Whether you are ready to move on a roll-out, or beginning your migration research, now is the time for Orchestrated Healthcare to partner with you.

A message was sent across the land, and the valiant Prince from Orchestrated Healthcare answered the call. Together, they brought the solutions of EPIC to the land of Healthcare, and MU was tamed! The fog of ARRA was lifted, and the land of Healthcare rejoiced at their glad fortune.
